

IVIEW/I&O Buttons

Button	Action
	Collapse Navigator – Remove the Navigator from the left side of the screen.
	Split Screen – Split the flowsheet screen.
	Sign – Sign the documentation.
	Cancel – Cancel the documentation and clears all unsigned results.
	Saves – Save data on PowerForm for co-signature. Only active for some security-defined roles.
	Customize View – Open the Customization window.
	Insert Date/Time – Insert a new column for the current date/time.
	Change I&O Total Start Time – Change the default start time of the 24 hour I&O total.
	Show Empty Columns/Rows – Expand the default view to include columns and rows without data entry.
	Calculation – Result is a calculated value.

IVIEW Legend

Note: Initial charting should always be done in a PowerForm (EXCEPT in FirstNet).

Subsequent ongoing documentation may be done in the Interactive Flowsheet (IVIEW).

v 2.3

eCare

Chart a Result – Option 1 (Recommended)

1. Click the desired **band**.
2. Click the desired **section**.
3. Double-click in the **time cell** at the top of the desired column to activate all cells.
4. Click in the correct result **cell**.
5. Type in the **result** or select an **option** from the list.
6. Press **Tab** or **Enter** to move to the next cell.
7. When all data has been entered, click anywhere outside of the cell.
8. Click **Sign**.

Chart a Result – Option 2

1. Right-click in the **cell** to which you want to add results.
2. Click **Add Result**.
3. Type in the **result**.
4. Press **Enter** or click anywhere out of the cell.
5. Click **Sign**.

Insert Date/Time Column

1. In the View window, right-click any **date** heading.
2. Click the **Insert Date/Time** button.

Clear Unsigned Results

To remove values in the cells containing results before they have been signed, click the **Cancel** button.

Modify a Charted Result

1. Right-click the **cell**.
2. Click **Modify...**
3. Type in **correct amount**.
4. Click **Sign**.

Note: Cell will contain a "Corrected" icon to indicate the results have been modified.

Unchart a Charted Result

1. Right-click the **cell**.
2. Click **Unchart...**
3. Select the unchart **Reason**.
4. In the pop-up, click **Sign**.
5. Click **Sign**. The cell will contain a, "In Error" message to indicate the results have been uncharted.

Note: You cannot delete results from an entire column at one time. You must delete each cell individually.

Add a Comment

1. In the View window, right-click the cell requiring a comment.
2. Click **Add Comment...**
3. Type in the appropriate **comment**.
4. Click **OK**.

Note: Comments can be added before or after results are signed.

View a Comment

1. In the View window, right-click the cell containing the comment icon.
2. Click **View Comments**.

Add a Section to a Band

1. In the Navigator, click the band.
2. Double-click **Customize View**.
3. Click **Collapse All** to view the list of sections.
4. Expand the desired section to view the available options.
5. Check the desired **option(s)**.
6. Click **OK**.

Document Titrations

Note: The bag must be started in the MAR before titrations can be documented in IVIEW.

1. Click the **All Lines** band.
2. Click **IV Drips**.
3. Right-click the **cell** for the titratable drip.
4. Enter the **rate change**.
5. Click **Sign**.

Change Flowsheet Date View

1. Right-click the blue **Clinical Range** bar.
2. Click **Change Search Criteria**.
3. Click **Result Lookup** option
4. Enter **From/To** dates (if appropriate).
5. Click **OK**.

Note: Limit the time range criteria to a small period. Loading a large number of results affects IVIEW performance.
